

# The Ridings at Rehoboth Lifestyle Committee Annual Report

November, 2017

## Formation, Purpose and Planning for the Future

The Ridings at Rehoboth Lifestyle Committee was formed to plan leisure and educational activities and events for The Ridings Community. The Lifestyle Committee works in cooperation with the Clubhouse Committee. All activities planned by the Lifestyle Committee that are held at the Ridings Clubhouse must abide by established Clubhouse rules that have been approved by the Ridings HOA Board.

The Ridings Lifestyle Committee meets monthly to review events that have been held and plan future events that will enrich the lives of the residents of our community. The meetings are open to all community residents. Most of the current members of our committee have volunteered their time for the last three years. In order to continue to provide the number and types of events we have held in the past, additional help will be needed in the coming year. If you are interested or have any ideas, please contact Susan Koenig.
